ABOUT US

Welcome to our esteemed institution, a symbol of hope of excellence in the field of accounting education. As an ISO 9001:2015 Certified Accounting Institution, we take immense pride in our commitment to quality education and professional development. Ranked among the Top 26 SAP officially listed educational institutions, we uphold precise standards to ensure our students receive the best possible training.

Our institution has a team of experienced faculties who are dedicated to encourage talent and fostering a culture of excellence. With a focus on providing real business training, we ensure that students are well-versed in all inter and intra areas of business. From familiarizing students with various documentation, slips, bonds, and vouchers to providing day-to-day real work experience in actual business operations, we train our students with the practical skills needed to succeed in the competitive world of accounting.

One of our unique advantages lies in our approach to job recruitment. Not only do we prepare students for the job market, but we also aim to save their time and money on job assistant training post-placement through our comprehensive preparation programs. Unlike others who merely offer placement assistance, we provide a 100% placement guarantee to our students, ensuring their success in the professional realm.
